

UTILIZE A SIMPLE, INTUITIVE WAY TO GRADE

Aspen Gradebook

Transform your grading process from an administrative obligation to a seamless extension of your teaching style.

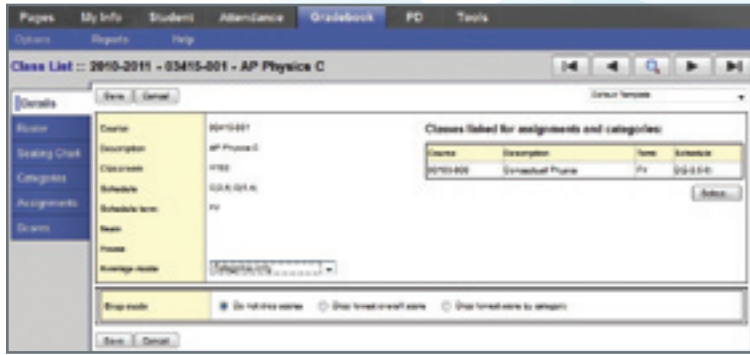

Instant Accessibility

Aspen's Gradebook gives you real-time, browser-based, sync-free web access to student records. Work from home, school or anywhere.

- Enjoy full integration with individualized education programs (IEPs) and 504s
- Immediately access assignments in the Family portal
- Build individual professional development plans (IPDPs) from the Aspen Gradebook and easily post end-of-term grades
- Administrative staff can view and edit grades, then print report cards and transcripts

Support your strategy for administrative excellence and student success with the Aspen Student Information System, a state-of-the-art data platform from Follett Software. Aspen houses all of your data, so you can easily find it, report on it, analyze it and use it to the fullest extent. A single, web-based system means one system to learn and one system to maintain—and one place to go to find the resources you need. Because Aspen is completely customizable, you can modify it to look exactly the way you want it to look and do what your district and schools need it to do. Aspen provides all the tools you need to run your schools, including:

- System Administration
- State and Local Reporting
- Master Schedule Builder
- Teacher Gradebook
- Health Management
- Attendance and Conduct Records
- Professional Development
- Special Education
- Family and Student Portals
- Teacher Webpages

Convenient Time-Savings

Aspen's Gradebook effectively reduces the number of steps required to complete a grading task. Get in, update, get out and return to what you do best: teaching!

- Take attendance using visual seating charts
- Register for professional development courses and track earned credits
- Post term grades using a simple, step-by-step wizard interface
- Quickly complete and deliver conduct referrals to an administrators' task box

Seamless Organization

Aspen's gradebook offers you a flexible, intuitive interface designed to mimic and support the precise way you prefer to input and maintain student grades.

- Modify and print individual education programs (IEPs)
- Enter data into IEP pages that look exactly like your state-mandated forms
- Highlight priority information by using colors and codes to flag different score types
- View your own personnel data and student demographics

Simplified Grade Submission

Aspen's Gradebook automatically saves each field when you move to a new cell on the score grid. Never worry about losing – or even saving – your data!

- Create your own grade scales and link them to assignments or specific assignment categories
- Design your own score grid, customizing fields and grade columns
- Decide how you want to calculate score averages
- Enter student scores, click Finish, and you're done!

“Teachers have instant access to the data they need. Also, the data is real time. This helps productivity and monitoring student attendance and achievement.”
